Associate Staff Engineer

Indore, M.P

Nagarro Software Pvt. Ltd.

Jan 2025 - Dec 2025

- Developed **dynamic and interactive UIs** with animations and reactive state management, enhancing user engagement by **25%**.
- Collaborated with **cross-functional teams** to identify and resolve **complex technical issues**, contributing to project success.
- Applied **best practices for accessibility, cross-browser compatibility, and performance optimization**.
- Participated in **peer code reviews** and incorporated feedback, improving code quality and maintainability.
- Simulated **real-world project workflows**, including state management, modular component libraries, and client-style feature requirements.
- Applied **accessibility best practices (WCAG/W3C)**, making the application usable for all users.

Senior Frontend Developer

Indore, M.P

MSG91, Walkover Web Solutions Pvt. Ltd.

Jun 2020 - Oct 2024

- **Created reusable Angular components** to enhance the maintainability of the codebase, increasing development speed by **40%**.
- Developed responsive, interactive UIs with Angular in collaboration with **UI/UX teams**.
- Improved **cross-browser compatibility**, boosting engagement and overall application performance.
- Worked on **Nx-based microfrontend architecture,** enabling modular sharing of components and business logic, which cut maintenance effort for developers by **25%**.
- Coordinated **deployments and collaborated** with cross-functional teams, ensuring seamless delivery using **Agile methodologies and CI/CD pipelines**.
- **Enhanced code quality** by participating in peer code reviews and providing continuous feedback, ensuring consistent delivery of high-quality features.
- **Mentored junior developers**, fostering a collaborative environment and improving code quality and Angular design patterns adherence.

Senior Software Engineer

Indore, M.P

Byte Labby, (Product & IT Services)

May 2019 - Jun 2020

- Developed a **healthcare application** for clinics, OPD, pathology labs, clinical staff, and patients, delivering a seamless user experience.
- Designed and developed **mobile applications** available on the Play Store.
- Implemented **client-specific** customizations and features, ensuring solutions met unique business needs and requirements.
- Partnered with clients to gather and translate requirements into scalable, functional solutions.
- Contributed to **front-end web development**, building responsive and user-friendly interfaces.

Senior Frontend Developer

Indore, M.P

Wittyfeed, Vatsana Technologies Pvt. Ltd.

Mar 2018 - Mar 2019

- Designed and delivered **W3C-compliant, progressively enhanced web applications**, ensuring accessibility and compliance with industry standards.
- Partnered with **UX/UI designers** to translate wireframes into **seamless, user-friendly interfaces**, improving user satisfaction scores by ~25%.
- Architected and enhanced **WittyFeed (world's 2nd-largest digital content platform) and Viral9 (high-traffic engine platform) scaling to 50M+ monthly users**.
- Implemented **mobile-first, responsive designs with full cross-browser** compatibility, increasing mobile engagement by over 40% across smartphones and tablets.
- Optimized **frontend performance (lazy loading, code splitting, caching strategies)**, reducing page load time by ~35% and improving Core Web Vitals.

UI/UX Developer

Indore, M.P

Wittyfeed, Vatsana Technologies Pvt. Ltd.

Feb 2016 - Feb 2017

- Designed and improved the world's second-largest digital content platform, **WittyFeed, and the Viral9** largest traffic engine platform using **HTML5, CSS3 (SCSS), jQuery, and JavaScript**.
- Designed W3C-compliant, progressively enhanced websites.
- Collaborated with **UX/UI** designers to build **responsive**, **mobile-first** interfaces enhancing **accessibility** and **usability**.
- Ensured **cross-browser compatibility** by testing and **optimizing frontend code** for major browsers.
